CHARGE NETWORK

DBI CHARGE Network invites its members to the following webinar on Wednesday, May 21, 2025. We are very excited to present Tim Hartshorne!

Thoughts on Behaviour in CHARGE

Dr. Tim Hartshorne, Professor Emeritus of Psychology, Central Michigan University.

This presentation will address Tim's thinking about behaviour in CHARGE Syndrome and how it has evolved over the past 30 years. How should we think about the challenging behaviour often displayed by persons with CHARGE? Why would a person with CHARGE choose to engage in behaviour which challenges parents and professionals? Tim will talk about some of the reasons for the behaviour and how recognizing the communicative relationship and behaviour can help us to change it.

It should be noted that everyone is welcome to participate (e.g., fathers, mothers, professionals, researchers).

There will be two webinars on the same topic run in different time zones, so participants can choose the time zone from their region or the best time that suits their schedule. We are working with partners to provide different language interpretation. Participants will need to choose their preferred language when signing up for the webinar if your captioning has this option. (The presentation is in English).

During the webinar it is possible to ask the presenter questions.
